

# The CALYPSO

-one of our most ingenious designs.... ever!

**Go Electric!**

**with this model**

(See page 39 for more information)

*It will store both your sewing machine and overlocker or perhaps your smaller workshop sewing machine*

Fantastic open seating area design

- Centre of the needle sitting position, allows you to be directly in front of the needle when sewing.
- Extra stable, open base construction; 8 easy rolling (3 lockable) castors, are attached to a specially designed reinforced frame.
- 3 step push down release maxi air-lift mechanism means a quick push down moves your machine from storage to flatbed to free-arm positions and will fit all domestic sewing machines on the market old or new!
- Spacious, see through door storage bins make finding thread etc.. easy.
- Door storage bins are recessed under the lid by means of a specially constructed angled door system this allows your fabric to drape down without catching or disturbing the door bin contents.
- The work surface is fitted with flush mounted non snag hinges.
- A large deep drawer with steel gliders.
- Stores both a sewing machine and an overlocker. Or maybe a second smaller, portable machine....
- Entire cabinet glides closed, and locks for child safety when not in use.
- Handy storage holder for your machine insert.
- Attractive soft formed edging finish to the tops.
- Arrives fully assembled. The cabinet is beautifully finished front to back, inside and out.

The CALYPSO - still compact when Closed

*Compared with many of our larger units the CALYPSO needs very little extra floor space when its closed*

Inspired door Design

*The radical CALYPSO design gives plenty of width and depth to give you greater leg room and ultimately comfort. Made even better if you add our Horn Hobby chair to enhance your perfect sewing position!*

*Now fitted with a new 'inset' design where the inset sits inside the aperture on a ledge thus giving an even flusher, smoother, sturdier surface from tabletop to machine arm.... You'll love it!*

*Like our SUPERIOR model the CALYPSO is made with greater depth to the cabinet .... which is another subtle way of adding to the perfect seating position*

**Fantastic central seating area.**  
*For it's compact size, there's never been anything quite like this!!*

*Now fitted with a cable port to the back of the cabinet for improved cable management*

*Fitted with our Horn Maxi air-lifter!*

*Ideal for the new extra large sewing machines—such as the New Bernina 700 & 800 series, Brother V series, Janome Horizon Range and Husqvarna Epic amongst others but its not just for larger machines its also ideal for all normal sized domestic sewing machines too!*

(Take a look at page 38 to see how the air-lift works)
