

# The SUPERIOR

- our biggest & best, now even better!

**The SUPERIOR - Closed**  
From its large proportions when opened, it has the ability to close down dramatically

Building on the huge popularity of the ECLIPSE the SUPERIOR adds even more to that original break through design. It offers even more leg room, it has even more storage, it's designed with the much talked of 'centre of needle' sewing position, it has even more large castors, not just for easy mobility but for stability too, even with its large size they will enable you to move it easily into position. It has the huge work area at the back of your machine which is supported with a sturdy gate leg, this will allow you when needed the beauty of extra support with larger projects it will offer you comfort and consistency of stitch, something that you may never have experienced before. Due to its individual design and size it allows the user to carry out several different projects at once, the user can stand to the right of their machine and piece together for instance whilst on the far left can sit at another piece of equipment entirely, their overlocker perhaps, or maybe pressing items with an iron and pressing mat - it allows you the room to decide. It's for those of you who want that bit more, who need that extra space, who have that bit more room to fill. **It's the ECLIPSE but on a grand scale.**

**Huge seating area!**

**The SUPERIOR - Fully expanded the clever design allows you to relocate the pull out caddy onto the door by means of keyhole connectors thus giving even greater access & leg room**

**Go Electric!**  
with this model  
(See page 39 for more information)

Now fitted with a new 'inset' design where the inset sits inside the aperture on a ledge thus giving an even flusher, smoother, sturdier surface from table top to machine arm.... You'll love it!

A view from the back - a huge well supported gate legged back work area with plenty of legroom

- Centre of the needle sitting position, allows you to be directly in front of the needle when sewing.
- Extra stable, open base construction; 12 easy rolling (4 lockable castors), are attached to a specially designed reinforced frame.
- 3 step push down release maxi air-lift mechanism means a quick push down moves your machine from storage to flatbed to free-arm positions and will fit virtually all domestic sewing machines on the market old or new! Most overlockers too!
- A versatile caddy system which glides out easily and can be positioned for either close-in sewing/embroidery or quickly expanded to a more spacious operating set up.
- Spacious, see through door storage bins make finding thread etc.. Easy!
- The work surface is fitted with flush mounted non snag hinges.
- Two drawers with steel gliders and a handy magazine compartment which adds even more storage.
- Huge work area at the back of the machine. Lifts up easily when needed and down when not (so it doesn't have to be open all the time). It has a very sturdy gate leg design with Quilters/ Patchworkers in mind but is ideal for all sewing projects.
- Stores both a sewing machine and an overlocker or maybe a second smaller portable craft class machine.
- Entire cabinet glides closed, and locks for child safety when not in use.
- Handy storage holder for your machine insert.
- Attractive soft formed edging finish to the tops.
- Arrives fully assembled. The cabinet is beautifully finished front to back, inside and out.

**Centre of needle sewing position & back supported work area - making it ideal for all large sewing projects**  
**Wide open spaces!**

Now fitted with a cable port to the back of the cabinet for improved cable management

Fitted with our Horn Maxi air-lifter!  
Ideal for the new extra large sewing machines, such as- the Bernina 700 & 800 series, Brother V series, Janome Horizon Range and Husqvarna Epic amongst many others but its not just for larger machines its also ideal for any size of domestic sewing machine!  
(Take a look at page 38 to see how the air-lift works)

## Colour Chart

Teak, Beech, White

MODEL 2042 Price includes flatbed inset (The Cutting mat shown is an optional extra - see page 37)

CLOSED - WIDE 126.5cm (50") DEEP 56cm inc. drop leaf back (22") HIGH 76cm (29 3/4")

Due to its size and weight we regret that this cabinet is too large to be taken up an internal staircase by our driver.
