

The New Horn Tri-Star!

- you can sew at it, stand and cut out at it and you can store in it!
3 great uses...imagine the possibilities..!

Fitted with our Horn Maxi air-lifter!

Ideal for the new extra large sewing machines, such as the Janome Horizon Range, Brother V series, Bernina 800 series or Husqvarna Epic amongst many others but its not just for larger machines its also ideal for any size of domestic sewing machine too!

(Take a look at page 38 to see how the air-lift works)

Go Electric!
with this model
(See page 39 for more information)

One side...

Shown above with the machine down and the solid filler piece (included) in place enabling the Tri-Star to be used for many other applications.

Compact & mobile– the Tri-Star – folded away.

The Tri-Star is the perfect centre island for your craft room...

...the other side!

Pictured above from the other side this shows the Tri-Star's huge amount of storage space. Stand and work with everything to hand.

- Gives you 3 essential uses– Sew at, work at, store in!
- The 4 Shelves and 5 drawers offer great storage potential for your important accessories and unfinished projects.
- You can either stand and sew at it, something that becoming more popular, or sit and sew ideally with a tall chair due to its height. Your foot control can be placed inside the unit on the bottom shelf.
- Or if a work surface is needed, your machines is on a horn air- lifter, so you can push your machine away to its storage position fit the solid filler supplied and now use your table for pretty much anything!
- Super sturdy with 9 castors, 5 being of a heavy duty commercial construction which can lock if needed. These are fitted to the main body as well as 4 standard castors, one fitted to each door, for extra support. This also give's easy mobility regardless of the stored weight.
- Arrives in a 'ready to assemble' form making it ideal to build up in awkward or hard to get to locations in the home.
