

The New Horn GEMINI XL!

- a great new addition to our compact Sewing / Quilting range

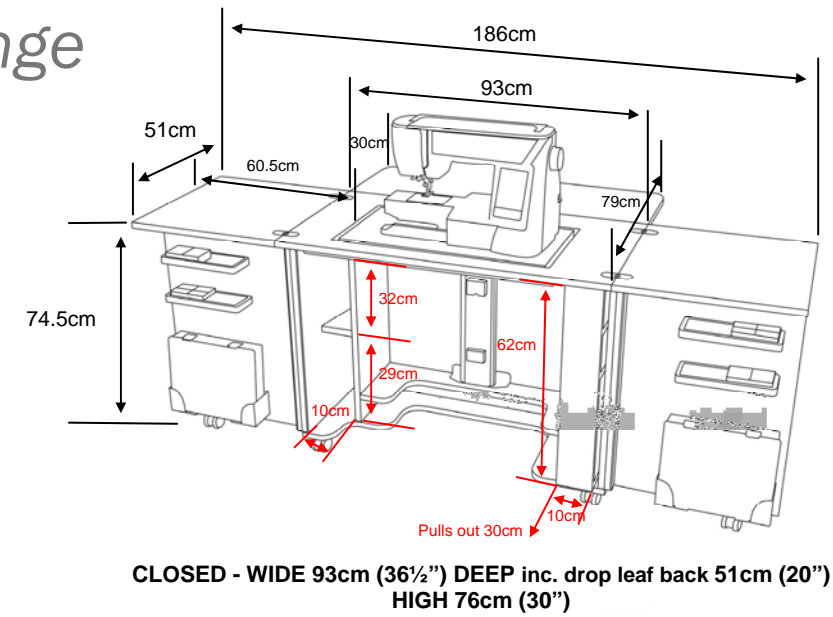

The GEMINI XL- Still so compact!
Pictured here in our new Weathered Oak finish

Still very Compact!

Fitted with our 'inset' design where the inset sits inside the aperture on a ledge thus giving an even flusher, smoother, sturdier surface from table top to machine arm.... You'll love it!

Fitted with a handy supported back work area

CLOSED - WIDE 93cm (36½") DEEP inc. drop leaf back 51cm (20") HIGH 76cm (30")

NEED MORE STORAGE?
You can add a Rolla storage unit to match in with his model!

Everything the Gemini offers and so much more

- Fitted with our Maxi-lifter opening (type 1942) which is capable of taking virtually all domestic sewing machines on the market old or new!
- This model arrives fitted with our 3 step push down release air-lift mechanism which means a quick push down moves your machine from storage to flatbed to free-arm.
- A work area at the back of the machine which prevents the needle drag that can happen with large projects. Lifts up easily when needed and down when not (so it doesn't have to be open all the time). It has a very sturdy gate leg design with Quilters/ Patchworkers in mind but is ideal for all sewing projects.
- Unique slide-out extra storage idea.
- Shut the doors and it hides your machine away in a beautiful cabinet. No one would ever know.
- One acrylic flatbed inset plate cut to fit your sewing machine is included with this model.
- Arrives fully assembled.

New
Completely new model!

One of our smallest unit to be fitted with our Horn Maxi air-lifter! (Type 1942)
Ideal for the new extra large sewing machines—such as the Pfaff Icon, Bernina 700 & 800 series, Brother V series, Janome Horizon Range and Husqvarna Epic's amongst others but its not just for larger machines its also ideal for all normal sized domestic sewing machines too!
(Take a look at page 36 to see how our air-lift works)

Extra Stowage!- Unique space saving slide-out storage idea
