

The **New** Horn ECLIPSE XL!

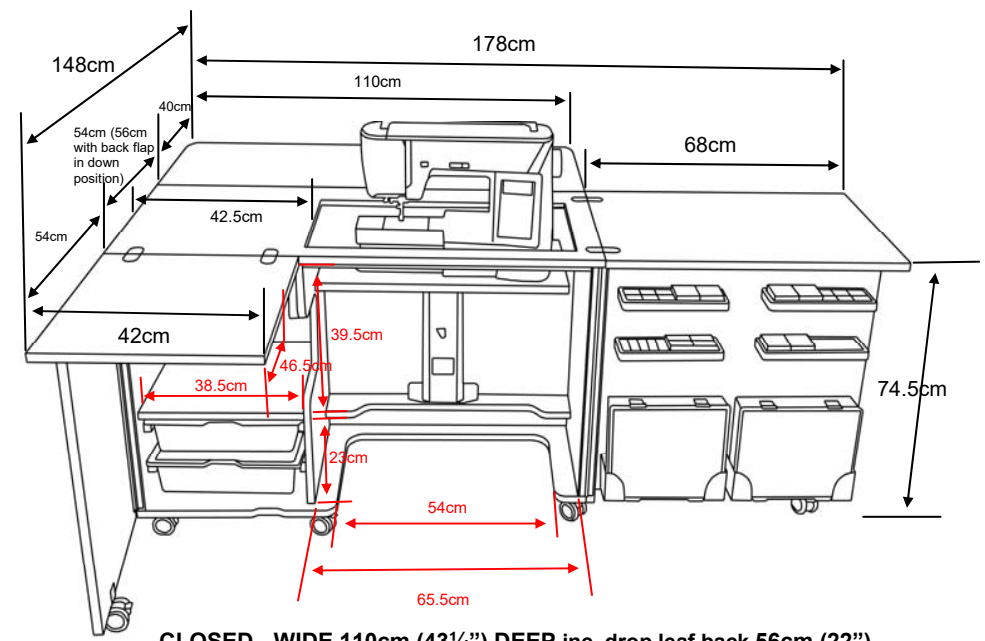

- Our most popular cabinet just got better!

New

Fitted with our 'inset' design where the inset sits inside the aperture on a ledge thus giving an even flusher, smoother, sturdier surface

NEED MORE STORAGE?
You can add a Rolla storage unit to match in with his model!

CLOSED - WIDE 110cm (43 1/4") DEEP inc. drop leaf back 56cm (22") HIGH 76cm (30")

This shows the back work surface down

Showing the back work area up - rigid stability on the 2 supporting legs!

- Fitted with our Maxi-lifter opening (type 1942) which is capable of taking virtually all domestic sewing machines on the market old or new!
- This model arrives fitted with our 3 step push down release air-lift mechanism which means a quick push down moves your machine from storage to flatbed to free-arm positions.
- Transparent door storage bins that are removeable if needed and recessed under the lid by means of a specially constructed angled door system that not only gives greater support to the lid but also allows your fabric to drape down without catching or disturbing the door bin contents.
- A sturdy supported work area at the back of the machine which prevents the needle drag that can happen when sewing large projects. This will help ease stress on your neck and shoulders when sewing large projects for long periods of time . It lifts up easily when needed and down when not (so it doesn't have to be open all the time) and takes very little space when its down. It has a very sturdy double gate leg design to give maximum support,
- Stores both a sewing machine and an overlocker, or maybe a second smaller portable machine if you prefer.
- New extra support arm for the left hand work area.
- Hides both your machines away in a beautiful cabinet. No one would ever know.
- An acrylic flatbed inset plate is supplied with this model, cut to fit your sewing machine.
- Available in 4 great finishes.
- Arrives fully assembled... no having to assemble it yourself!
